

You are getting following error message from Word when you try to create a bill from WinYou Law:

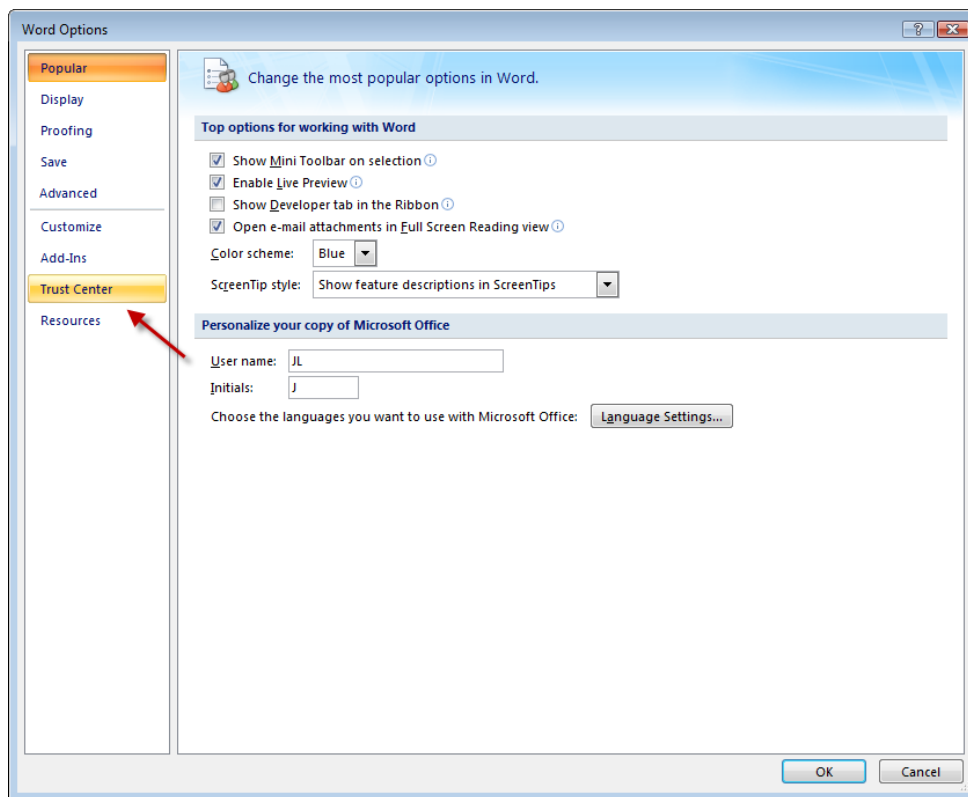

WinYou Law billing templates are using macros in Word. Normally Microsoft disables all macros in Word. You have the possibility to add WinYou Law Template Folder to your Trusted Locations in Microsoft Word (without the need to enable all macros):

1. In Word, click on Start button:

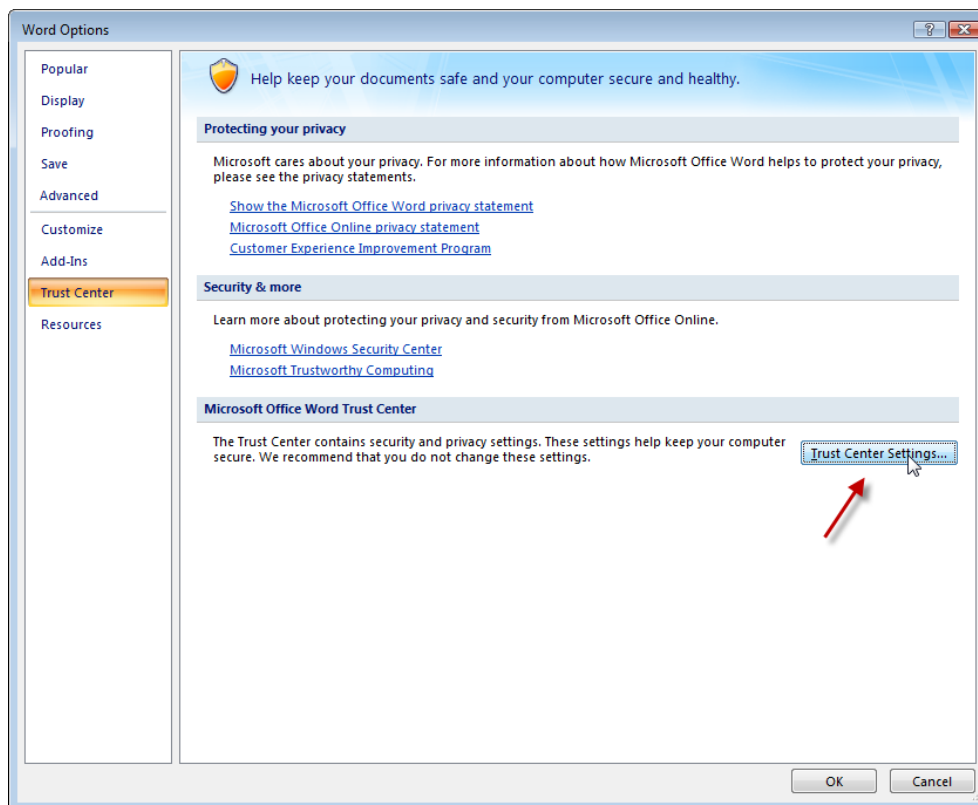

click on button "Word Options"

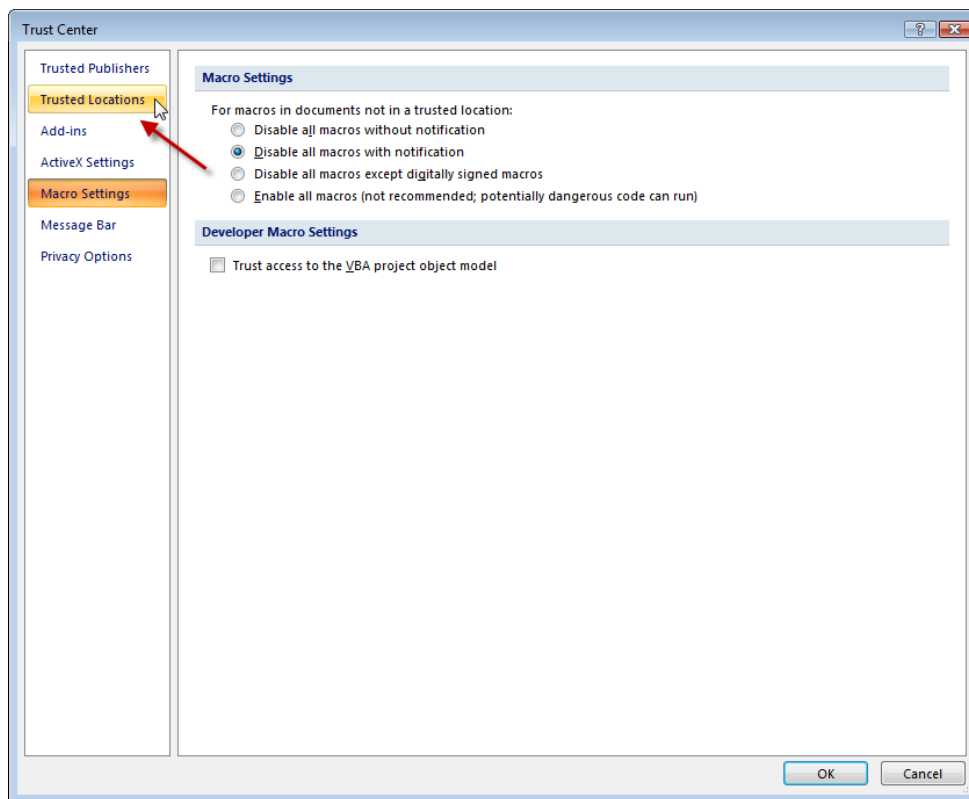

2. In Word Options Dialog select "Trust Center"

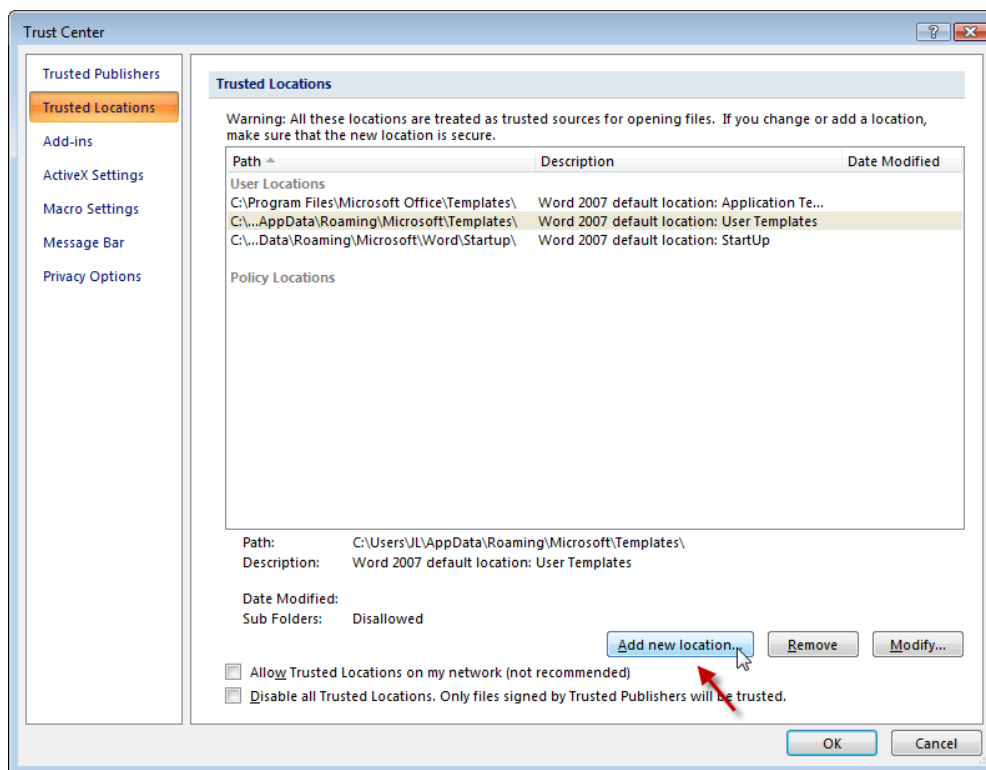

3. In Trust Center click on the button "Trust Center Settings:"

4. In the Trust Center Dialog select "Trusted Locations":

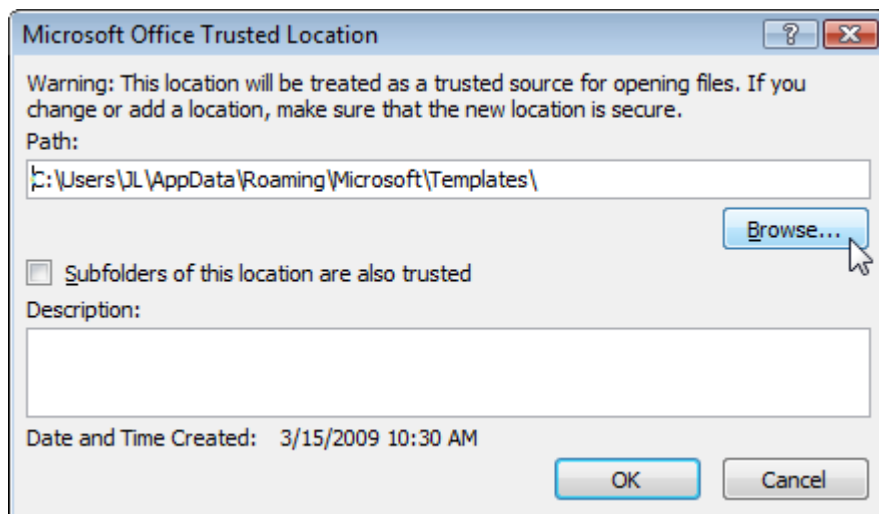

5. In Trusted Locations click on button "Add new location...":

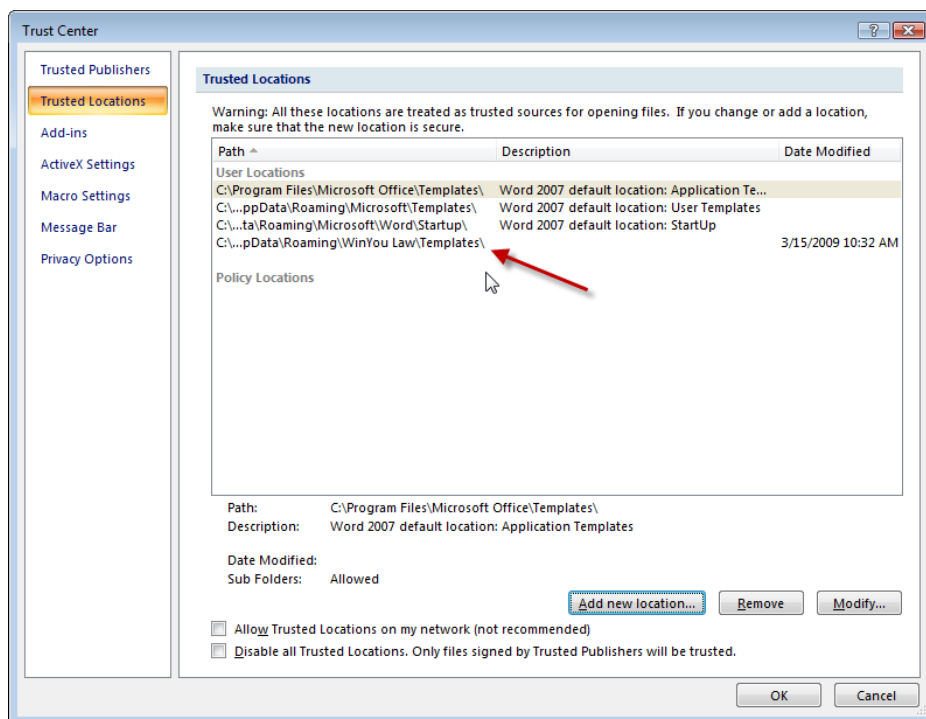

6. In the dialog Microsoft Office Trusted Location add the folder of the WinYou Law Templates using the browse button, normally here:

C:\Users\[username]\AppData\Roaming\WinYou Law\Templates

(Where [username] normally is your initials)

7. After confirming (pressing OK) you should see an additional entry in the Trusted Locations:

Now the location of the WinYou Law Templates is trusted and you should be able to create a bill from WinYou Law without any security messages.
